

Vault Recovery Key

Use this one-time key to recover access to
your vault:

NUWU - ZUYU - B5PR - ESWL

HOW TO USE IT?

1. Sign in to your Password Manager account
2. Click **Forgot Your Vault Password** on the “Unlock your vault” page
3. Select the **Recovery Key** option
4. Enter the recovery key or scan the QR code
5. Click **Next** and create a new vault password

KEEP IN MIND

You can only use this key once to recover access to your vault.
Make sure to create a new recovery key after you changed your vault password.

Created by kudurupakayatheesh22@gmail.com (11/25/2024 2:47 PM)

Store with your other important documents like your passport.
